Sensory toys can be a great way to relax and de-stress, and they can also be a lot of fun to make. Here are a few easy recipes for sensory toys that you can make in as little as 10 minutes.

## Slime

Slime is a classic sensory toy that is easy to make and fun to play with. Here is a simple recipe for slime:

- 1 cup white glue
- 1/2 cup water
- 1 tablespoon borax

- Food coloring (optional)

Instructions:

1. In a large bowl, whisk together the glue and water. 2. In a separate bowl, dissolve the borax in 1/4 cup of water. 3. Slowly add the borax solution to the glue mixture while stirring constantly. 4. The mixture will begin to thicken and form slime. Continue stirring until the slime reaches the desired consistency. 5. If gewünscht, add food coloring to the slime and knead until well combined.

## **Stress Balls**

Stress balls are another great way to relieve stress. Here is a simple recipe for stress balls:

- 1 cup flour
- 1/2 cup water
- Balloon

Instructions:

1. In a large bowl, whisk together the flour and water until a dough forms. 2. Knead the dough until it is smooth and elastic. 3. Divide the dough into small balls. 4. Blow up a balloon and tie it off. 5. Place a dough ball on the balloon and mold it around the balloon until it is completely covered. 6. Repeat steps 5-6 until all of the dough balls have been used. 7. Allow the stress balls to dry for at least 24 hours before playing with them.

## **Playdough**

Playdough is a classic sensory toy that is loved by children of all ages. Here is a simple recipe for playdough:

- 1 cup flour
- 1/2 cup water
- 1/4 cup salt
- 1 tablespoon vegetable oil
- Food coloring (optional)

Instructions:

1. In a large bowl, whisk together the flour, salt, and vegetable oil. 2. Slowly add the water to the dry ingredients while stirring constantly. 3. The mixture will begin to form a dough. Continue stirring until the dough is smooth and elastic. 4. If gewünscht, add food coloring to the dough and knead until well combined. 5. Store the playdough in an airtight container in the refrigerator for up to 2 weeks.

These are just a few of the many different sensory toys that you can make at home. With a little creativity, you can come up with your own unique sensory toys that will provide hours of fun and relaxation.
